

Year-Round Opportunities for Students: 2009-2010

Northwest Liberty School will be offering a range of services and support for secondary students throughout the year. In addition to part-time and full-time offerings for students, we have credit recovery courses, short-term needs to help students clean-up academic messiness, Apex online courses, and after-hours Study Lab and tutoring. Last year, we assisted students, parents, and high school counselors with challenging situations that required quick and efficient actions.

We will continue to use our flexibility, accountability, and commitment to help students. In most situations, we can develop and implement an educational plan to accomplish academic and credit goals.

If we can be of assistance, do not hesitate to call us. We appreciate and look forward to working together to help students.

HIGH SCHOOL CREDIT RECOVERY SESSIONS	Autumn 9/28-11/6	Winter 2/21-4/1	Spring 4/19-5/28	Summer 6/28-7/23
